East Troy Railroad Announces Night Photo Shoot

Railroad Buffs and Photographers Invited to Staged Photo Sessions on July 23rd

EAST TROY, WI – Rail photographer Mark Llanuza, the official photographer for the METRA commuter railroad in Chicago, will help the East Troy Railroad Museum create a special night for photographers and rail fans interested in taking night photos of vintage rail cars and trolleys. Vintage automobiles are also expected at this staged photo event.

The event is limited to the first 30 registered participants. Tickets to participate in this special event cost $50 and may be purchased online at www.easttryoyrr.org, or over the phone by calling 262-642-3263. Push "0" and leave a message. A volunteer will return your call.

An optional photo contest will be held among participants to determine the photo that will be used in our 2017 Museum Calendar.

Details:

July 23, 2016
7:00PM - 10:00PM
2002 Church Street, East Troy, WI 53120

Recommendations for participants:

- Wear sturdy shoes. NO open toe/open back shoes.
- Bring a tripod and a camera capable of long shutter speeds.
- Know your camera and how to adjust its settings.

Please note that this event is not intended to be a photography class. We will provide suggested apertures & shutter speeds, but you should be familiar with the operation of your camera.

Photo Contest Note:

All photographers will have an opportunity to select and edit their favorite photos prior to submission. Directions on photo submittal will be handed out during the event.

A signed “Release of Liability” form will be required before you may participate. Please be prepared to follow the direction of staff managing the event. In order to continue offering Night Shoots, safety must be a paramount consideration.

About the East Troy Railroad Museum:
The East Troy Railroad Museum is a 501(c)(3) nonprofit educational corporation dedicated to preserving the rail heritage of Wisconsin and America. We maintain and operate historic electric trolley and interurban railroad cars on track completed by The Milwaukee Electric Railway & Light Company (TMER&L) in 1907.
