

**EAST TROY RAILROAD MUSEUM
DINING CHARTER CONTRACT**

EAST TROY RAILROAD MUSEUM, INC. d/b/a EAST TROY ELECTRIC RAILROAD is pleased to offer this unique charter train service. Please read the following terms and conditions of this contract carefully so that you understand our agreement and have an enjoyable and interesting experience on our Railroad.

Our Railroad is a tourist railroad operating vintage electric interurban and street railway cars on track that was historically part of the original interurban system in southeastern Wisconsin. Normally our trains depart and return on schedule, but there may be circumstances or conditions that could cause your trip to be delayed, interrupted or canceled. These include, but are not limited to: power failure, equipment failure, grade crossing blockage and other causes beyond our control. In addition, for safety reasons, we will not operate trains during severe weather. In such cases, we will attempt to complete your trip with the shortest delay possible after the weather improves or the problem is resolved. It is possible that your trip may have to be canceled, in which case your payment will be refunded or, if you prefer, applied to a rescheduled trip.

Charter train fares are based on a two-hour total trip duration. If you would like a longer trip, additional charges will apply, unless the trip is longer because of Railroad operational requirements.

While we make every effort to accommodate passengers with disabilities, our historical railcars were designed and built long before current Americans with Disabilities Act (ADA) requirements were enacted. Therefore, our railcars may not be readily accessible to or usable by persons with special needs. Passengers using motorized scooters, for example, cannot be accommodated.

Your train will be available for boarding at least 15 minutes before departure so that passengers may be seated and the train may depart at the scheduled time. An on-time departure helps avoid additional delays due to accommodation of other train operations.

For your safety, we require that passengers remain seated in case of sudden stops. We also ask that passengers not occupy space outside the dining room (vestibules, galley) while the train is in motion. Smoking is not permitted on the train.

Please note that there are restrooms on the Dinner Train (cars 24 and 25) with limited capacity but there are restrooms at the East Troy Depot.

A deposit of 50% of the estimated total price will be invoiced once your charter contract has been processed. (Note: deposits are not required for school group charters.) Deposits are fully refundable up to 90 days before the trip, 50 % refundable between 90 and 30 days before the trip, and non-refundable within 30 days before the trip. Payment of the balance of the price is due a minimum of 7 days prior to your trip.

By signing below, you are acknowledging that you have read, understand and agree to the terms and conditions of this contract.

As a representative of my charter group, I have read and understand all of the above terms.
