

East Troy Railroad Museum

Educational Field Trip

Through a train ride and hands-on activity, students learn age-appropriate science and engineering concepts. This program connects what they have learned to a real-life experience!

Program:

- A. Talk on electricity and motion.
- B. Hands on activity,
- C. Discussion while riding trolley.
- D. Lunch at the park.
- E. Return ride focusing on the trolley car and how it works.
- F. History based scavenger hunt.
